CMC 2026

ABOUT

FRIDAY, MARCH 27, 2026

A PROFESSIONAL EDUCATIONAL SYMPOSIUM FOCUSED ON MUSCLE AND BONE HEALTH,
INCLUDING RARE SKELETAL AND METABOLIC BONE DISEASES

A full day dedicated to bone and muscle health focused on patients and healthcare providers.

Goals:

1. To provide an overview on bone and muscle health
2. To provide an update on current management of rare bone diseases

Objectives:

1. To assess and optimize muscle health
2. To assess fracture risk and evaluate skeletal imaging
3. To diagnose and manage osteoporosis and rare bone and muscle diseases

Format: Hybrid – virtual and in-person at the Toronto Downtown Marriott (near the Eaton Centre)
